

Tumps change register

v15 of the DoBIH (September 2015) to v15.1 (December 2015)

Note: this change register should include all Tumps. However, it is only concerned with data relevant to each hill's listing as a Tump, so, for example, changes in height leading to a Dewey becoming a Hewitt, or changes in drop leading to a subMarilyn becoming a Marilyn, are not covered here.
