

## Tumps change register

### v15.3 of the DoBIH (September 2016) to v15.4 (February 2017)

**Note:** this change register should include all Tumps. However, it is only concerned with data relevant to each hill's listing as a Tump, so, for example, changes in height leading to a Dewey becoming a Hewitt, or changes in drop leading to a Submarilyn becoming a Marilyn, are not covered here.
